LOGISTIC SOLUTIONS

PROJECT FOCUSED AUSTRALIA WIDE

INFRASTRUCTURE PROJECTS

MINING, OIL AND GAS

RENEWABLE ENERGY PROJECTS

PRECAST CONCRETE AND STRUCTURAL STEEL

TRUCKS WITH OPEN FLATTOPS, DROPDECKS AND EXTENDABLES

OUR CAPABILITIES

In 2021 we started a dedicated transport division **Evenrange Logistic Solutions (ELS)** in Melbourne to work on some of the many upcoming Infrastructure & Renewable Energy Projects.

We are now providing seamless transport and logistics services based from multiple sites across Australia. With a management team of industry professionals ELS delivers reliable, project-focused transport solutions for Infrastructure, Energy, and Industrial sectors, ensuring efficient and on-time delivery for projects of all sizes.

We are a small Transport Company with LARGE capabilities. Alongside our own trucks and drivers we partner with a very large network of owner operators across the country and have close relationships with various Company's across the country for use of Depots. This means we are always working with highly experienced professional drivers who care greatly about what we do and how we do it. We are able to supply services at short notice to clients anywhere with absolutely the best drivers in the country.

OUR TEAM

Wayne Williams (Managing Director) comes with 30+ years of experience in Management, Business Development, Operations and Project Management. My experiences servicing the needs of all manner of clients and working in all aspects of the Industry Australia-Wide have given me a real love for the Industry and of the people within it - “Without Trucks Australia Stops”.

Lawrence Moser (The First Peoples Director) is a proud Taungurung descendant who is actively engaged in building economic self-determination for First Nation people. He brings knowledge and networks across government and local First Nation communities of Victoria. Lawrence elevates Evenrange Logistic Solutions commitment to First Peoples economic self-determination through Transport and Logistics.

Paul Edwards (National Sales & Marketing Manager) is a Collaborative, approachable and results focused leader, with invaluable experience in the Energy & Industrial sectors. A consultative and strategic business developer with an innovative, highly energetic and flexible approach to driving growth placing strong emphasis on client engagement and long-term partnerships.

Our company drivers and sub-contractors are all mature highly experienced professionals, mostly with MSIC cards for Port access, and they are all highly valued members of the ELS team.

OUR VALUES

RESPECT

We have respect for each other and all those we work with.

INTEGRITY

We act honestly and with the highest ethical standards.

RELIABILITY

We are a trusted partner with professional and reliable staff who give their best to provide high quality service and meet our customers needs.

EXCELLENCE

We must set our standards high and challenge ourselves to continuous improvement.

PEOPLE

People are our greatest asset and are critical to our success. We must hire the best, work with the best, and provide a positive workplace culture.

SAFETY

Nothing is more important than the safety of our people, and those we interact with. We all need to get home safely.

OUR SISTER COMPANIES

Evenrange Concrete Solutions

Evenrange Concrete Solutions has been manufacturing concrete curing compounds since 1993 and are now the largest producer in the Southern Hemisphere. We run our own well maintained Trucks for delivering our own products, with certified, vaccinated and inducted highly experienced drivers. This includes high quality transport management, fatigue management, CoR, and all applicable site accreditations.

Ausfrac

At AusFrac, we are committed to delivering innovative, efficient, and environmentally responsible hydraulic stimulation solutions. Our focus is on improving operational performance while supporting a more sustainable future for energy production. Founded by experienced industry professionals, AusFrac has quickly established itself as a trusted supplier within the hydraulic stimulation sector. Through ongoing research and development, we continue to advance technologies that improve safety, performance, and environmental outcomes. Our products are globally sourced and expertly blended at our Melbourne facility to ensure consistent quality and reliability.

Prime Eco Group

We are pleased to advise that AusFrac has entered into an exclusive agreement with Prime Eco Group to supply specialty oilfield chemicals to the Australian market. Established in 1998, Prime Eco Group is a privately owned Texas-based manufacturer specialising in chemical additives and specialty chemicals for the oil, gas, and construction industries. Headquartered in Sugar Land, Texas, with manufacturing facilities in Wharton, Texas, Prime Eco Group provides customised chemical solutions backed by extensive technical expertise and flexible packaging options, including pails, drums, tote tanks, and bulk supply.

Prime Eco Group is a trusted supplier to leading energy companies including Lakes Blue Energy, Superior Energy Services, Devon Energy, XTO Energy, PumpCo Energy Services, NextTier Energy Services, Trican Energy Services, Calfrac Energy Services, Flotek, C&J Energy Services, Keane Frac Energy Services, and Lewis Energy Services.
