2024

PROJECT FOCUSED AUSTRALIA WIDE

INFRASTRUCTURE PROJECTS

MINING, OIL AND GAS

RENEWABLE ENERGY PROJECTS

PRECAST CONCRETE AND STRUCTURAL STEEL

TRUCKS WITH OPEN FLATTOPS, DROPDECKS AND EXTENDABLES

OUR HISTORY

Evenrange Concrete Solutions has been manufacturing concrete curing compounds since 1993 and are the largest producer in the Southern Hemisphere.

We run our own well maintained Trucks for delivering our own products, with certified, vaccinated and inducted highly experienced drivers. This includes high quality transport management, fatigue management and all applicable site accreditations.

In 2021 we started a dedicated Transport Division ELS to work on some of the many upcoming Infrastructure & Renewable Energy Projects across the country.

ELS's MD Wayne Williams comes with 30+ years of Transport experience across all Industries and our company drivers have more than 200+ years of Industry experience between them.

OUR LOGISTIC SOLUTIONS CAPABILITIES

We are a small Transport Company with **LARGE** capabilities.

Our Drivers are mature highly experienced professionals, mostly with MSIC cards for Port Access and used to moving all manner of cargo including oversize loads and sensitive loads that require tarping.

We partner with an impressive network of owner operators across the country and some smaller companies with between 2-5 trucks.

This means we are working with highly experienced professional drivers who own their own equipment and care greatly about what we do and how we do it.

We are able to supply Trucks at short notice to clients anywhere with some of the **best drivers in the country**. These Truckies are always available for Projects where the rates on offer are sustainable.

OUR VALUES

RESPECT

We have respect for each other and all those we work with.

INTEGRITY

We act honestly and with the highest ethical standards.

RELIABILITY

We are a trusted partner with professional and reliable staff who give their best to provide high quality service and meet our customers needs.

EXCELLENCE

We must set our standards high and challenge ourselves to continuous improvement.

PEOPLE

People are our greatest asset and are critical to our success. We must hire the best, work with the best, and provide a positive workplace culture.

SAFETY

Nothing is more important than the safety of our people, and those we interact with. We all need to get home safely.

ACKNOWLEDGEMENT OF COUNTRY

Evenrange Logistic Solutions acknowledge the traditional owners of the land on which we work and live.

We pay our deepest respects to Elders past and present.

We extend that respect to all First Nations peoples, celebrated as the first artists and scientists, and acknowledge their continuous care and connection to these lands, skies and water ways.

Melbourne is located on the traditional lands of the Kulin Nation, which is a collective of five Aboriginal clans: Wurundjeri, Boonwurrung, Wathaarrung, Taungarung and Dja Dja Wurrung.

The Wurundjeri people are the traditional owners of the Yarra River Valley, covering much of the present location of Melbourne.

The traditional Aboriginal name of Melbourne is Naarm.
